

Superannuation Accountant

PPT is one of the most experienced and highly regarded Accounting and Financial firms in the Ballarat region, providing optimal financial service, guidance and support to a wide range of clients. As a valued member of the firm, you can expect a positive and nurturing work culture that promotes professional growth and on-going opportunities for training and development. We are looking for a Superannuation Accountant.

The offer:

- attractive working conditions in central Ballarat
- working closely with the business partners
- your career aspirations encouraged and full support for further training
- career progression opportunities
- 6 monthly conferences in Melbourne
- regular in-house training sessions
- employee assistance program
- quarterly staff functions
- weekly team meetings
- monthly team lunches
- wellness programs

About the role:

The role offers exposure for a skill SMSF accountant to manage the firm's growing book of around 300 self-managed superannuation funds.

Key Responsibilities:

- self-managed superannuation fund management work for a broad range of clients
- review and check work completed by other staff members
- mentoring and training other team members
- understanding the role of a superannuation accountant which includes maintaining strong superannuation fund compliance, communicating with clients within the guidelines of AFS licensing regime, Partners & Staff and to understand the limits placed on the role by law
- be proactive and driven in helping the business grow and expand

The ideal candidate will have:

- at least 3 years prior experience in accounting with a strong academic track record
- experience with BGL is preferred
- exceptional communication skills
- strong understanding of Australian Tax Law and accounting concepts

- strong understanding of fundamental business concepts
- strong ability to analyze and interpret financial information
- a high focus on providing excellent client service
- excellent time management and attention to detail
- ability to work under pressure
- a positive attitude and the ability to work well with others
- a strong work ethic and initiative
- commitment to further training and professional development

What we'd love from you:

- a least 3 years experience in an accounting practice
- degree qualified and working toward, or preparing to work toward, obtaining CPA status
- previous exposure to accounting, tax and superannuation software
- strong skills in using MYOB, Xero, BGL, and Quickbooks will be highly advantageous
